

Authors and Other Papers Considered

There were more proposals for papers submitted for review (127) than the 88 that could be accepted in the sessions and time slots available for presentation at the 2004 AIAEE topics and their authors are listed below. Readers who are interested in any of these topics are encouraged to contact the authors at the addresses provided. The authors are encouraged to resubmit their papers for consideration at the 2005 AIAEE Conference in San Antonio, Texas. They also are encouraged to prepare them for submission to the *Journal of International Agricultural and Extension Education* or to other appropriate journals.
